INSTALLATION INSTRUCTIONS:
PART #5120 Heavy Duty Lower Coil Retainer Cups

CONTENTS:
1 Driver side cup (Marked D)  
1 Passenger side cup (Marked P)  
4 7/16-1X1.25 Gr. 5 Plated Hex Bolts  
4 7/16 NC Plated Nuts  
8 7/16 SAE F Flat Zinc Washers

TOOL LIST:
9/16” wrenches and sockets  
5/8” wrenches and sockets

Note: Designed to work on Dana 30, 44, HP44 and 60 axles, as well as our Rear 4 Link Kits. They are designed to utilize standard 5.5” diameter Early Bronco and Fullsize coil springs. Fullsize Bronco springs with a larger wire thickness may require slicing back the thick powder coating on the spring so it slides in.

Tabs go to the inside of the vehicle.

LIMITED WARRANTY
James Duff Inc. warrants our products to the original purchaser to be free from defects in materials and workmanship. Warranty periods begin at the date of purchase and vary by product. Shocks have a limited lifetime warranty. Headers, Radiators, Suspension Products, Power Brake Boosters and Master Cylinders have a one year warranty. Adapters and soft goods such as upholstery, vinyl and rubber products have a 90 day warranty. All warranties are to the original purchaser with proof of purchase only. Such obligations under this warranty shall be limited to the repair or replacement, at JDI’s discretion, of any assembly or part which upon examination by JDI proves to be defective. Any costs of removal, installation, reinstallation or freight charges are expressly excluded from this warranty. This warranty covers only manufacturers defects, and does not cover product finish or damage resulting from abuse, misuse, negligence, racing, alteration, accident or damage in transit.

All returns must be pre-approved by JDI and accompanied with a Return Goods Authorization Number (RGA) and a dated proof of purchase. Returns must be made within 90 days of purchase, packaged sufficiently to prevent damage in shipment and shipped prepaid to: JDI, 6609 Bronco Lane, Knox, TN 37921 Returns without an RGA# or sent COD will be refused.

This warranty is expressly in lieu of all other warranties, expressed or implied, including the implied warranties of merchantability and fitness for use. This warranty gives you specific legal rights including other rights that vary from state to state. Some states do not allow limitations on how long an implied warranty lasts, or do not allow the exclusion of limitation of incidental or consequential damages, so the above limitations and/or exclusions may not apply to you.

SUSPENSION PRODUCT INFORMATION
Modifying your vehicle with JDI products to improve off road performance may result in the vehicle handling differently than a factory equipped vehicle. Taller tires will cause the vehicle’s speedometer to read slow, so recalibration is required. Use of oversized tires, suspension lifts, body lifts, and other modifications may raise your vehicle’s center of gravity, resulting in an increased tendency for the vehicle to pitch and roll during sudden turns or abrupt maneuvering. Failure to drive with extreme care to prevent loss of control or vehicle roll over may result in injury or death. Drive at a reduced speed to ensure your ability to maintain control of the vehicle under all driving conditions. We recommend installing functional roll bars and cages as well as double shocking all vehicles for more safety and stability on or off road. Always wear seat belts when in a vehicle. Consult your owners manual for recommended tire sizes, safety instruction and warnings unique to your vehicle. It is your responsibility to check state and local laws restricting vehicle height to ensure that modifications to your vehicle are legal.
